

## School Annual Education Report (AER) Cover Letter

**August 13, 2010**

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2009-2010 educational progress for the Star International Academy (08636). The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Ahlam Moughania (School Principal), Leila Hamade (Director of Compliance), or Mrs. Nawal Hamadeh (Superintendent, Founder & CEO) for assistance.

The AER is available for you to review electronically by visiting the following web site [www.starpsa.org/parents](http://www.starpsa.org/parents) or you may review a copy from the Main office at your child's school.

For 2009-2010, Star International Academy made Adequate Yearly Progress (AYP) in English language arts and mathematics. While we are pleased to have reached this important goal, we are continuously working to improve. We appreciate the continued support of parents, staff and our community in this effort.

### **PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL**

Section 504 of the Revised School Code states that public school academies shall neither charge tuition nor discriminate in pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement aptitude, status as a handicapped person, or any other basis that would be illegal if used by a Michigan public school district. Details are outlined in our Board Approved Application & Enrollment Procedures assuring the following:

- Academy enrollment shall be open to all individuals who reside in Michigan. Except for a foreign exchange student who is not a United States citizen, a public school academy shall not enroll a pupil who is not a Michigan resident.
- Academy admissions may be limited to pupils within a particular range/grade level or on any other basis that would be legal if used by a Michigan public school district.
- The Academy Board may establish a policy providing enrollment priority to siblings of currently enrolled pupils. However, the Academy may not provide a preference to children of Board members or Academy employees.
- The Academy shall allow any pupil who was enrolled in the immediately preceding academic year to re-enroll in the appropriate age range/grade level unless that grade is not offered.
- No student may be denied participation in the application process due to lack of student records.
- If the Academy receives more applications for enrollment than there are spaces available, pupils shall be selected for enrollment through a random selection drawing.

Star International Academy is a single school building district in which all students are equitably assigned to the same building and have equal access to full facility, programs, resources, technology, highly qualified staff and curriculum.

## **SCHOOL IMPROVEMENT PLAN STATUS**

At Star International Academy, Comprehensive Needs Assessment (CNA) is an ongoing and continuous process of analyzing data as it is readily available throughout the school year and involves all key stakeholders including staff, parents, students and community members. Ongoing assessment, evaluation, mentoring/training and support is facilitated by the District through the Superintendent's and Compliance Office who work close with and lead the School Improvement (SI) Team.

We utilize the School Improvement Framework (SIF) Process Cycle which has four (4) major components that cycle in a continuous praxis<sup>i</sup>.

- **Gather Data** Where are we now (status) and where do we want to be (goals)?
- **Study/Analyze** What did the data/information we collected tell us?
- **Plan** How do we organize our work so that it aligns to our goals and resources?
- **Do** Staff implements the strategies and action steps outlined in the plan.
- **Gather Data II** Where are we now (status) and did we reach our goals?

While the CNA is recommended to be conducted once every three to five years and revisited annually, we complete annually with updates made throughout the year as new data is made available.

Our Schoolwide Reform Strategies, commonly referred to as our Goals, are derived from the CAN and are focused on helping all students reach the state's standards. The goals are comprehensively written to cover all programs and services in keeping with accountability, transparency & reporting requirements. Strategies are described in detail, are NCLB "scientifically"<sup>iii</sup> researched best practices and in implementation need resources/materials and professional development to provide an enriched and accelerated curriculum for all students. We have utilized advancedED District/School Improvement Plan Goals & NCA Accredited Schools templates online, which allows us to describe and present our strategies in an action plan format within our consolidated, district wide improvement plan.

Our strategies address the needs of all children in the school, but particularly that who are low achieving, and meet the needs of students representing all major subgroups participating in our School-Wide Title I program. Teachers are directed to meet student needs in utilizing our School Improvement Plan strategies with continuous analysis to determine if student needs are met. CNA data and School Improvement Team (SIT) review and evaluation continue to demonstrate that our SIP strategies are effective and increasing student achievement allowing us to continue to meet AYP requirements.

Our Goals & Objectives continue to address ARRA assurances and have been updated based on MDE field consultant recommendations to include targets through 2013-14 school year in which 100% of students are expected to be proficient. Our SIP has been submitted online via advancedED online planning tools and is available on our school website at [www.starpsa.org](http://www.starpsa.org) or in print at the school upon request.

## **SPECIALIZED SCHOOL STATUS**

Star International Academy is a public school academy that is authorized by Oakland University and was founded in 1998 by Mrs. Nawal Hamadeh, President of Hamadeh Educational Services, Inc. (formerly High Scope Educational Management Company). Since our inception, we continue to make progress in achieving the mission and goals envisioned by our founder. Through publication of this report, we are sharing that progress with others, along with our plans for continued growth and improvement into the future.

Star International Academy is not considered a specialized school but has been recognized as a School of Excellence by the State Department of Education.

## **CORE CURRICULUM ACCESS, IMPLEMENTATION AND VARIANCES**

Decisions about the Academy's curriculum are initiated through a collaboration of instructional leaders, assessment and evaluation specialists and curriculum and program specialists (including IB) with surveyed feedback from students, staff, parents and community members. The Academy's curriculum model of instruction is based on recognized and accepted strands and objectives for students' eligible for elementary through middle school grades and the Michigan Merit Curriculum (MMC) for high school. The core curriculum consists of MDE-defined core courses which include English Language Arts, Mathematics, Science, Social Studies, World Languages, Physical Education and Visual/Performing/Applied Arts. Educational goals and objectives are aligned to the voluntary Michigan Model, Content Standards, and Grade Level Content Expectations. In addition to providing all students a solid foundation in each of the core academic areas through integrated technologies, students are also exposed to a variety of specialty areas including: Health & Safety, Computer Sciences and International Cultures.

Data driven curriculum decisions are made as a part of the continuous improvement process updating curriculum materials to ensure alignment with the Michigan Core Curriculum Framework, the Grade Level Content Expectations, Michigan Merit Curriculum and IB-MYP (Middle Year Program) objectives, in addition to thorough planning and completion of curriculum/unit maps per grade level across all subject areas taught. Such curriculum alignment activities are scheduled on a continuous basis, and formally on an annual basis. Instructional staff is provided with in-service time, in which substitutes are assigned to cover teachers in the classroom, and allow for vertical and horizontal planning. Additionally, teacher work days are scheduled on the school calendar to allow for such collaboration and curriculum alignment as well. Analysis of formative and summative assessments are desegregated and analyzed to impact current programs in place, and plan for improvement measures to address high priority items identified from such assessment results. Best research practices are reviewed and actions are put in place to allow for improved upon instruction and practices in the classrooms to address specific sub group needs at each grade level.

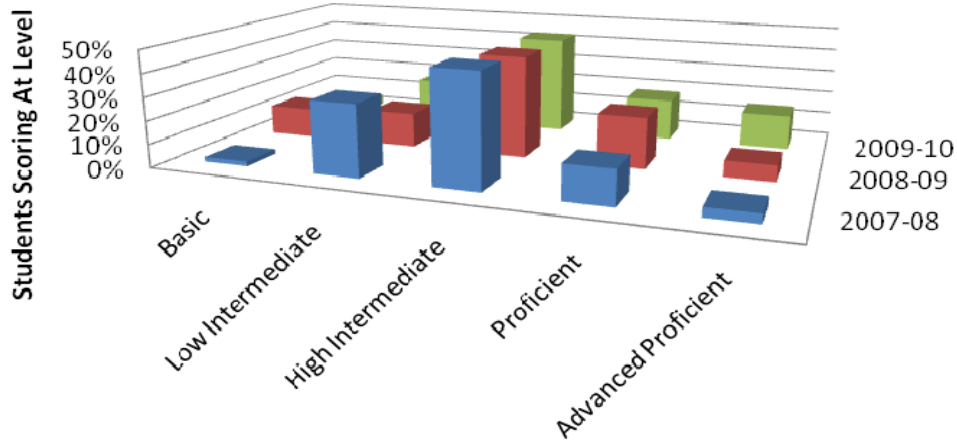

We do not have any variances from the Michigan Curriculum Framework and all staff is required to provide equitable access to General Ed curriculum for all students. Curriculum content, standards and alignment plans are available at the school by contacting the school principal as well as are available online for review via school website at [www.starpsa.org](http://www.starpsa.org).

## PARENT-TEACHER CONFERENCES ATTENDANCE & PARTICIPATION

At Star International Academy we require all parents to volunteer 20 hours minimum annually at the school. We continue to have 100% participation in parent-teacher conferences and though our enrollment and parent community changes each year, we are still able to keep attendance at or above 90% overall. For parents that are not able to physically attend, they are able to participate by electronic communication/means or via telephone so while we are reporting actual physical attendance in our data tables; 100% of our parents do participate in conferences.

With the improvements made to our parental involvement policy effective 2009-10 and on, we expect parental attendance not only parent teacher conferences to increase, but overall involvement in regular activities as well as we continue to implement Epstein's Model and National standards in our implementation plan.

## HIGH SCHOOL DATA

Star International Academy currently services students in high school who continue to enroll in Dual Enrollment. The amount in college tuition and fees spent by Star International Academy increased from \$34,344 in 2007-08 to \$42,953 in 2008-09 and again to \$56,742 to facilitate dual enrollment participation for high school students.

The number of students participating did not increase for 2010, however, the number of courses students enrolled and received credit in did. We had a total of 134/138 (97.1%) courses paid for in which college credit was issued to students in addition to high school credit for dual enrollment compared to 109/114 (95.6%) in 2008-09.

Our high school students also participate in Advanced Placement Courses in Calculus, English and Biology.

Course	2009	2010
<b>AP Biology A/B</b>	15/50 (30.0%)	5/48 (10.4%)
<b>AP Calculus A/B</b>	13/50 (26.0%)	9/48 (18.8%)
<b>AP English 12A/B</b>	0/0 (00.0%)	12/48 (25.0%)

Students also participate in the College Board assessment in order to receive college credit based on their performance. Current results are being analyzed and we will provide an update in an amended report as soon as the data analysis is complete.

## **CONCLUSION & STAKEHOLDER APPRECIATION**

We have undergone many challenges as charter schools, yet we continue to achieve our mission, goals and objectives. Further, we continue to attract students and parents that are impressed with our progress and programs. We continue to remain financially sound during times of economic crisis, educationally oriented to success, and prepared to exceed expectations of all stakeholders and customers.

We intend to continue improving our services to students and families well into the future. We are committed to our practice of involving all stakeholders in these efforts – parents, teachers, students, staff, and the surrounding community – as we realize it has only been through a collaborative process that we have been able to achieve the progress outlined in this report. And for that, we would like to express our gratitude and appreciation to all stakeholders for this collaborative spirit.

Sincerely,

Mrs. Nawal Hamadeh,  
Superintendent, CEO & Founder
