School Annual Education Report (AER) Cover Letter

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2023-24 educational progress for Star International Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mr. Hani Abdallah (Principal) at habdallah@siapsa.org for assistance.

The AER is available for you to review electronically by visiting the following website <http://tinyurl.com/yckry7xy>, school website at <https://www.starpsa.org/school-reporting-transparency/> or you may ask for a copy in the main office at your child's school.

For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2022-23. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2022-23. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

The 2023-2024 school year has been a remarkable one for our district, marked by exceptional progress and achievements that reflect the dedication of our students, educators, and community. Our shared commitment to academic excellence, inclusivity, and holistic development has produced outstanding results.

Academic Growth

This year, our students demonstrated significant improvements in academic performance across all grade levels. Rigorous curriculum enhancements, coupled with innovative teaching strategies, have resulted in measurable growth in core subject areas. Our educators have embraced data-driven approaches to identify and address learning gaps, ensuring every student has the support they need to succeed. These efforts have contributed to a well-rounded and robust educational experience for all.

100% Graduation Rate

We are thrilled to announce that our district achieved a 100% graduation rate for the 2023-2024 school year. This milestone is a testament to the tireless efforts of our teachers, counselors, and support staff,

who have worked closely with students and families to ensure that every graduate is equipped with the knowledge, skills, and confidence to pursue their post-secondary goals.

Improvements in the ESL Program

Our English as a Second Language (ESL) program has seen remarkable advancements, with students demonstrating significant increases in English language proficiency. Through tailored instruction, personalized learning plans, and additional resources, our ESL students have not only improved academically but have also gained the confidence to thrive in and outside the classroom. The program's success highlights our district's commitment to fostering an inclusive environment where every learner can excel.

Expanded Extracurricular Activities & Career Technical Education Center.

Beyond academics, our district has expanded its extracurricular offerings, providing students with diverse opportunities to explore their passions and develop new skills. From arts and music programs to STEM clubs, sports teams, and community service initiatives, these activities have enriched our students' educational experience. The district also opened a career technical education center for students to get hands on career training in certified nurse aid, radio/broadcasting, cooking, and robotics.

Looking Ahead

As we celebrate this year's achievements, we remain focused on sustaining this momentum. Our district is committed to continuing its investment in innovative programs, student-centered learning, and community partnerships. Together, we will ensure that every student reaches their fullest potential, making our district a beacon of excellence in education.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Section 504 of the Revised School Code states that public school academies shall neither charge tuition nor discriminate in pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement aptitude, status as a handicapped person, or any other basis that would be illegal if used by a Michigan public school district. Details are outlined in the Academy's Board Approved Application & Enrollment Procedures assuring the following:

- Academy enrollment shall be open to all individuals who reside in Michigan. Except for a foreign exchange student who is not a United States citizen, a public school academy shall not enroll a pupil who is not a Michigan resident.
- Academy admissions may be limited to pupils within a particular range/grade

- level or on any other basis that would be legal if used by a Michigan public school district.
- The Academy Board may establish a policy providing enrollment priority to siblings of currently enrolled pupils and Board Members/Academy employees.
- The Academy shall allow any pupil who was enrolled in the immediately preceding academic year to re-enroll in the appropriate age range/grade level unless that grade is not offered.
- No student may be denied participation in the application process due to lack of student records. Homeless liaison ensures homeless children and unaccompanied youth are enrolled in and have an opportunity to succeed in school.
- If the Academy receives more applications for enrollment than there are spaces available pupils shall be selected for enrollment through a random selection drawing.

Star International Academy's enrollment period was a whole month (required minimum of two weeks) in duration, with weekend times available. The application period started March 1st and ended March 31st, 2023 from 8:00 AM- 3:30 PM; Friday, March 10, 2023 from 9:00 AM-6:00 PM and Saturday, March 11th, 2023 from 9:30 AM-12:00 PM.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

At Star International Academy, Comprehensive Needs Assessment (CNA) is an ongoing and continuous process of analyzing data as it is readily available throughout

the school year and involves all key stakeholders including staff, parents, students and community members. Ongoing assessment, evaluation, mentoring/training and support is facilitated by the District through the Central Office who work closely with and lead the School Improvement (SI) Teams.

We utilize the School Improvement Framework (SIF) Process Cycle which has four (4) major components that cycle in a continuous process.

- Gather Data: Where are we now (status) and where do we want to be (goals)?
- Study/Analyze: What did the data/information we collected tell us?
- Plan: How do we organize our work so that it aligns to our goals and resources?
- Do Staff implements the strategies and action steps outlined in the plan.
- Gather Data II Where are we now (status) and did we reach our goals?

While the CNA is recommended to be conducted once every three to five years and revisited annually, the Academy completes it annually with updates made throughout

the year as new data is made available. MICIP will be used as the online tool to complete the School Data Profile which is a comprehensive analysis of our CNA.

The Academy's School-wide Reform Strategies (SRS), commonly referred to as the school goals, are derived from the CNA and are focused on helping all students reach the State's standards. School goals are comprehensively written to cover all programs and services in keeping with accountability, transparency & reporting requirements. Implementation of these strategies with needed resources/materials, and professional development, to provide an enriched and accelerated curriculum for all students, are accounted for. The Academy has utilized MICIP District/School Improvement Plan Goals online, which allows staff to describe and present strategies in an action plan format within the consolidated, District-wide Improvement Plan.

The Academy's strategies address the needs of all students but particularly those of whom are low achieving, and meet the needs of students representing all major subgroups participating in our School-Wide Title I Program. Teachers are directed to meet student needs in utilizing our School Improvement Plan strategies, with continuous analysis to determine if student needs are met. CNA data and School Improvement Teams (SIT) review and evaluate continually to demonstrate how the SIP strategies are effective and how they are increasing student achievement, allowing the Academy to continue to meet district and school accountability requirements.

The Academy's Goals & Objectives continue to address Title I assurances. The Academy's SIP has been submitted via AdvancED (for 2023-2024 will be in MICIP) online planning tools by the deadline and will be available at the school upon request.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

The Academy is authorized by Bay Mills Community College and is operating in three separate buildings with one located at 24480 George Street, Dearborn Heights, MI serving students in grades Pre-k through second, the second located at 24425 Hass St, Dearborn Heights, MI serving students in grades 3-12 and the third located at 45081 Geddes Road, Canton, MI serving students in grades Pre-K through 8th grade.

All students are equitably assigned to their buildings and have equal access to the full facility, programs, resources, technology, highly qualified staff and curriculum. The Academy is led by Dr. Ali Bazzi, Superintendent, and is managed by Hamadeh Educational Services, Inc., the Academy's educational service provider. The Academy prides itself on promoting diversity, culture of other's and culture of one's one. Teachers work on incorporating a global perspective into the classroom, in order to prepare

students for real world careers and jobs in the 21st century. Since the inception, the Academy continues to make progress in achieving the mission and goals envisioned by the Founder. Through publication of this report, the aim is to share progress, along with plans for continued growth and improvement into the future, with all stakeholders.

Star International Academy is not considered a specialized school.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

Our district's curriculum is housed in Rubicon/Atlas an online based software program. Atlas is designed to electronically encompass the entire process of curriculum mapping in direct correlation to the Michigan Department of Education's (MDE) learning standards and Common Core standards for each grade level. Atlas allows for personalization in terms of curriculum mapping by allowing each teacher to download reports to their own dashboard for yearlong planning purposes, assessment categorizing and curriculum pacing.

The district is in full implementation with the curriculum as Star International Academy is in direct alignment with the MDE and Common Core Standards. All units are designed with the required learning standards. There is little to no variation with the state mandated learning standards. Teachers meet on a weekly basis as a grade level team and or department to review their units and lesson plan to ensure vertical and horizontal alignments are taking place.

To get a copy of the district's core curriculum the parent and or perspective parent can come into the main office and request (in writing) a copy of the core curriculum they want. At that point, the curriculum coordinator and or principal will download the curriculum documents for the parent in paper format within 3-5 days. The district will then reach out to the parent who made the request to let them know the file is ready to be picked up.

Star International Academy intends to continue improving the services for students and families well into the future. The Academy is committed to the practice of involving all stakeholders in these efforts' parents, teachers, students, staff and the surrounding community. All stakeholders recognize that through the collaborative process, the Academy has been able to achieve the progress outlined in this report.

Sincerely,

Dr. Ali Y. Bazzi, Superintendent of Schools
